## **BACKGROUNDER**

### HAN CHEN

#### Taiwan | Age 26

Hailed by the *New York Times* as a pianist with “a graceful touch ... rhythmic precision ... hypnotic charm,” (2012) and “sure, subtle touch,” (2014), Han Chen is a prize-winner at many major competitions and is highly regarded for his dedication to music of our time.

In January 2016, as part of his prize package as the First Prize winner of the 6th China International Piano Competition (Xiamen), Chen released his debut CD with Naxos Records recording Liszt’s operatic transcriptions. *International Piano Magazine* (UK) praised Chen’s performance in the competition, stating that he “displayed extraordinary strength, talent, and flair.”

"As an enthusiastic advocate for modern music, Chen actively performs both 20th century classics and works by emerging composers. His close collaboration with the Juilliard modern music ensemble AXIOM led him to the performances of works by Pierre Boulez, Toshio Hosokawa, György Kurtág, Magnus Lindberg, Steve Reich, and Charles Wuorinen. He is currently on the roster of the New York-based Ensemble Échappé.

A native of Taichung, Taiwan, Chen received his accelerated Bachelor and Master of Music degrees at The Juilliard School (New York) with Professor Yoheved Kaplinsky under the C/Kaplan Piano Scholarship, Susan W. ## **ABOUT HONENS**

Honens discovers, nurtures, and presents Complete Artists—21st century pianists for 21st century audiences. The Honens International Piano Competition takes place every three years and is considered one of the world's most prestigious events of its kind. Honens prepares its Laureates for the rigours and realities of professional careers in music and creates opportunities for growth and exposure. The annual Honens Festival is one of Canada's premier classical music events, intended to share Mrs. Honens' love of world renowned music with Albertans every year. The 2018 Honens International Piano Competition & Festival takes place in Calgary from August 30 to September 8.

Esther Honens created a legacy of musical excellence to be enjoyed for generations. In 1991, Mrs. Honens gave \$5 million to endow an international piano competition in her hometown of Calgary, Canada. Her generosity, vision, and love of music continue to touch the lives of musicians and music-lovers at home and around the world. Legacy Partners follow in Esther Honens' footsteps by securing Honens' future and ensuring its continued ability to offer a broad scope of programming and community outreach projects.

## **THE COMPLETE ARTIST**

The Competition's mission is to identify talent that is unusual, imaginative, and informed—an artist not limited to displays of virtuosity but one who is capable of thoughtful, expressive music-making, and is ready for a professional career. Honens sees the Complete Artist as a consummate communicator and collaborator, a risk-taking explorer, a dreamer. Through performance and programming choices, he / she expresses and interprets ideas from a wide cultural context with keen imagination, informed and seasoned by a fascination for life outside the practice studio. The Complete Artist inspires the heart and engages the intellect.

The Complete Artist's interpretations are founded upon the intellectual and emotional understanding of musical text and upon his / her ability to synthesize and express such understanding so as to challenge and stir both the intellect and the emotions of the listener. This creative awareness stems not only from knowledge of a particular composition itself but, equally importantly, from a wide knowledge of related music, of musical literature as a whole, and of the other arts, including, but not limited to, the visual and literary. If the resulting interpretation appears unusual and unconventional, it does so freshly and naturally. Pianists taking part in the Honens Competition must also express—through their stage deportment, program design, and interviews with arts journalists—sensitivity to contemporary culture and a willingness and ability to communicate effectively with audiences of today.

## **ARTIST DEVELOPMENT PROGRAM**

Previous Artist Development Programs have offered career-defining debut recitals at Wigmore Hall, Carnegie Hall, and Konzerthaus Berlin; residencies at Banff Centre for Arts and Creativity; mentorship programs with the leading artists of our time including Emmanuel Ax, Jean-Efflam Bavouzet, Angela Hewitt, and Hélène Mercier; a recording contract on the Hyperion label, and repertoire and public relations coaching.
